

## Montana Central Tumor Registry Changes to MCTR Abstracting Manual 2011

Yellow highlights in manual reflect the changes outlined below

Page	Variable	Change
10	Reportable List	Rephrased paragraph 1 Added paragraph under Ambiguous terms Rephrased cytology exception
17	Multiple Primaries	Added paragraph 2
17	Revising the original diagnosis	Added "grade" to list of items to change Revised example 1
20	Treatment, Palliative, and Prophylactic Care	Revised entire paragraph
36	First Name	Revised bullet one Added bullet two
37	Middle Name	Revised bullet one Added bullet two
41	Date of 1 <sup>st</sup> Contact	Revised bullet one to add "first course" treatment Added bullet two
43	Medical Records Number	Deleted bullet two Revised examples
72-73	Class of Case	Added bullet nine Code 13 revised to add "part of first course treatment was done elsewhere" Code 21 revised to add "part of first course treatment was done elsewhere" Code 22 revised to add "or a decision not to treat" to description Code 30 revised to add "treatment plan only" under examples Code 31 revised to add "or hospital provided care that facilitated treatment elsewhere (for example, stent placement)" Code 32 revised to add (active disease) Code 33 revised to add (disease not active)
92	Comorbidities 1	Revised description to include that ICD-10-CM codes may be implemented in 2011 Revised all bullets Revised code table Revised example table
94-102	Comorbidities 2-10	Revised all bullets
109	Ambiguous Terminology Dx	Revised description, rationale, and referred instructions to the Multiple Primary Histology and Coding Rules
110	Date of Conclusive Dx	Revised instructions to refer to the Multiple Primary Histology and Coding Rules

Page	Variable	Change
111	Date of Conclusive Dx Flag	Revised instructions to refer to the Multiple Primary Histology and Coding Rules
112	Mult Tumors reported as One Primary	Removed bullet one
113	Date of Multiple Tumors	Revised instructions to refer to the Multiple Primary Histology and Coding Rules
114	Date of Multiple Tumors Flag	Revised instructions to refer to the Multiple Primary Histology and Coding Rules
115	Multiplicity Counter	Revised instructions to refer to the Multiple Primary Histology and Coding Rules
127	Date of Diagnosis	Revised bullet four "if patient receives a first course of treatment before a diagnosis is documented". Deleted The <i>Date of Diagnosis Flag</i> is used to explain why <i>Date of Initial Diagnosis</i> is not a known date. See <i>Date of Diagnosis Flag</i> for an illustration of the relationships among these items. Added examples
128	Date of Diagnosis Flag	Added bullet 1
131	Laterality	Reworded bullet 3 Added definition of "midline"
133	Diagnostic Confirmation	Added bullet 1 Bullet 4: added statement regarding CoC requirement
138	Histology	Deleted exception after 6 <sup>th</sup> bullet
140-142	Grade/Differentiation	Added bullet five Instructions revised
143	Grade Path System	Revised detailed instructions for coding to refer to CS Manual
144	Grade Path Value	Revised detailed instructions for coding to refer to CS Manual
150	Clinical M	Corrected code 0I+ (was 0+) and represents M0(i+)
151	Clinical Stage Group	Reworded bullet 4
156	Pathologic Stage Group	Reworded bullet 5
158-202	All CS items	Changed "Collaborative Staging" to "Collaborative Stage"
162	CS Tumor Size/Extension Evaluation	Changed field name to CS Tumor Size/Ext Eval
164	CS Regional Nodes Evaluation	Changed field name to CS Regional Nodes Eval
167	Lymph Vascular Invasion	Revised detailed instructions for coding to refer to CS Manual
168	CS Metastasis at Diagnosis	Changed field name to CS Mets at Diagnosis
169	CS Mets Evaluation	Changed field name to CS Mets Eval
174-202	All CS Fields	Added statement "for tumors abstracted in CS v02..." Revised Histologies on all schemas
174-175	CS SSF 1	Separated Liver schema into C22.0 and C22.1 groups Added BileDuctsIntrahepat, KaposiSarcoma schemas Separated Peritoneum schema into Male and Female histology groups Added code C30.1 to Head and Neck Sites in table footnote

Page	Variable	Change
176-177	CS SSF 2	Separated Liver schema into C22.0 and C22.1 groups Added BileDuctsIntrahepat, Myeloma Plasma Cell Disorder schemas Removed vulva schema
178-179	CS SSF 3	Separated Liver schema into C22.0 and C22.1 groups Skin Eyelid schema changed SSF3 to be Clinical Status of Lymph Nodes Added Myeloma Plasma Cell Disorder schema Added code 30.1 to Head and Neck Sites in table footnote
180	CS SSF4	Added bullet 3 re: prostate schema Separated Liver schema into C22.0 and C22.1 groups Added code 30.1 to Head and Neck Sites in table footnote
181	CS SSF5	Separated Liver schema into C22.0 and C22.1 groups Added Melanoma Choroid, Melanoma Ciliary Body schemas Added code 30.1 to Head and Neck Sites in table footnote
182	CS SSF 6	Separated Liver schema into C22.0 and C22.1 groups Added Skin Eyelid, Melanoma Choroid, Melanoma Ciliary Body schemas Added code 30.1 to Head and Neck Sites in table footnote
184	CS SSF 7	Separated Liver schema into C22.0 and C22.1 groups Added Melanoma Choroid, Melanoma Ciliary Body schemas
185	CS SSF 8	Separated Liver schema into C22.0 and C22.1 groups Added Skin Eyelid schema
186	CS SSF 9	Deleted Skin Eyelid schema Added Melanoma Choroid, Melanoma Ciliary Body schemas Added code 30.1 to Head and Neck Sites in table footnote
187	CS SSF 10	Added Tongue Base, Palate Soft. Bile Ducts Intrahepat. Skin Eyelid. GIST Peritoneum. Testis, Melanoma Choroid, Melanoma Ciliary Body schemas
188	CS SSF 11	Separated Bile Ducts Intrahepatic into 2 groups Added Merkel Cell Vulva, Melanoma Choroid, Melanoma Ciliary Body schemas Deleted Testis schema Added code 30.1 to Head and Neck Sites in table footnote
189	CS SSF 12	Added Melanoma Choroid, Melanoma Ciliary Body schemas
190	CS SSF 13	Added Melanoma Choroid, Melanoma Ciliary Body. Testis schemas
191	CS SSF 14	Deleted Skin Eyelid schema
192	CS SSF 15	Added Breast. Testis schemas
193	CS SSF 16	Added Testis schema
194-201	CS SSF 17-24	Revised histologies

Page	Variable	Change
202	CS SSF 25	Deleted GIST Peritoneum schema Separated Peritoneum schema into male and female
209	Derived AJCC 6 Stage Group	Revised description and rationale
216	Derived AJCC 7 Stage Group	Revised description and rationale
265	Treatment, Palliative	Clarified palliative care description
280	Date of DX/Stage Procedure	Revised bullet 2
283	Date of Surgery	Revised bullet 4
285	Date of Surgical Discharge	Revised bullet 4
288	Date Radiation Started	Revised bullet 4
291	Date Radiation Ended	Revised bullet 4
296	Regional Treatment Modality	Added example code 00: PUVA Added example code 53: I-125
301	Number of Tx's to this Volume	Added example 010: mammosite
302	Radiation Treatment Volume	Added bullet 2 Added example code 33: Total Body Irradiation
309	Date of Chemotherapy	Revised bullet 3
314	Date of Hormone Therapy	Revised bullet 3
319	Date of Immunotherapy	Revised bullet 3
322	Other Treatment	Added bullet 4: Code 1 for PUVA
324	Date of Other Treatment	Revised bullet 3
328	Date of Transplant/Endocrine	Revised bullet 3
330	Date of Systemic Therapy	Revised bullet 2
333	Scope Regional LN Surgery	Reworded bullet 4 Bullet 5: changed list of lymphoma histologies to be coded 9 Bullet 6: changed list of hematopoietic histologies to be coded 9
335	Surgery of Other Reg/Distant Site	Bullet 6: changed list of hematopoietic histologies to be coded 9
338	Surgical Approach 2010	Added bullet 3 and 5 Replaced laparoscopic with endoscopic in bullet 4 Code 3 and 4 in table changed Laparoscopic to Endoscopic or laparoscopic
339	Treatment Status	Added bullet 3
341	Surgical Margins	Bullet 6: changed list of lymphoma histologies to be coded 9 Bullet 7: changed list of hematopoietic histologies to be coded 9
342	Date of 1 <sup>st</sup> Course Treatment	Rationale: changed "first course treatment dates" to "first course treatment modality dates" Revised bullet 2 Revised bullet 3

Page	Variable	Change
346	Radiation/Surgery Sequence	Code 4: clarified that at least two courses of radiation must be given to assign code 4
348	Systemic/Surgery Sequence	Code 4: clarified that at least two courses of systemic therapy must be given to assign code 4
359	Date of Last Contact or Death	Revised bullet 3
381	Recurrence Date – 1 <sup>st</sup>	Revised bullet 3
383	Recurrence Type – 1 <sup>st</sup>	Reworded bullet 2, 8, and 10
403	Override – HospSeq/Site	Reworded bullet 2
441-477	All treatment sites	Changed list of excluded histologies (except hematopoietic)
453	Liver and Bile Ducts	Reworded code 66 Reworded code 75
457	Hematopoietic	Changed list of included histologies
461	Breast	Reworded description of code 30 Added to description of total (simple) mastectomy ...”but sentinel lymph nodes may be removed”. Added code 76 Added “coded 41 or 51” under description of contralateral breast revealing second primary
469	Prostate	Clarified code 19 Clarified code 21
